## The Class of 2010 has dedicated this year's Herald to...

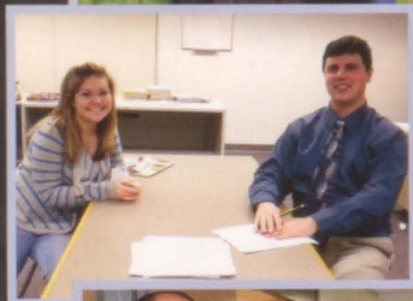

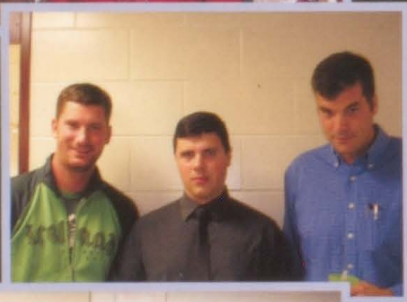

Mr. LaForge was chosen by the Class of 2010 as their favorite teacher. His classes were the ones you wanted to go to because he would always put a smile on your face. His jokes about living with his mother, going to school in his mother's old car, and learning to drive will always be remembered. He also inspired us to become better students. Learning about History with him wasn't boring and he made things understandable. The students who didn't have him were inspired by his advice about school and work. He will be missed by the Class of 2010 Thanks for always being there. We love you Jordy!

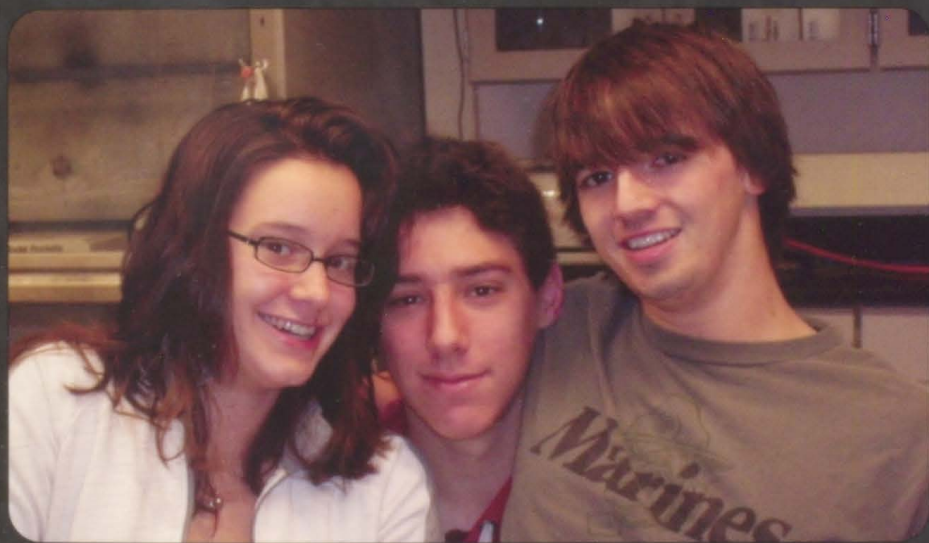

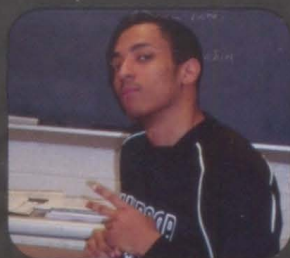

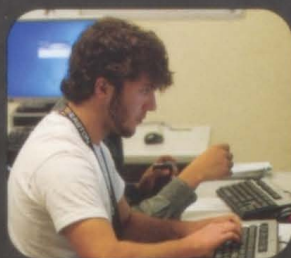

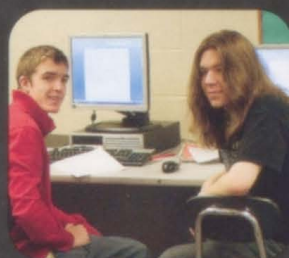

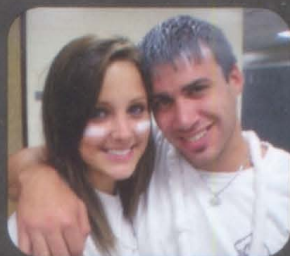

## Mr. Joshua LaForge

To the Class of 2010, I want to thank you all so very much for placing me in such an honored position. Your class has meant so much to me and to our school. It has taken you twelve years to reach your graduation goal and I wish you all happiness in whatever career you choose. My only advice is this... Realize that everyone wants to love and wants to be loved. Everyone wants to be respected and worth something. But in order for this to happen, you have to love and appreciate yourself. I mean only when you accept yourself. But the only way you can achieve this is by knowing who you are and the only way you can do that is to live. Sounds simple enough, but in meeting life's challenges, we start to learn. We start to see that we possess unseen strengths or hidden abilities...to the Class of 2010, I wish you the best of luck.

- Mr. LaForge

Thanks to all the teachers who helped me out over the years, I really appreciate it! AP students, it is important to remember that it is better to be annoyed and determined than to be annoyed and discouraged. Take initiative; ask questions and get help when you need it either from the teacher or your peers. These are the secrets to success in AP or any other classes for that matter. Good luck Class of 2010 and future seniors. I know you will all find success. Most importantly, may the music department live long and prosper!

**Kayla**

To my lovely daughter,

Watching you grow throughout the years brought an endless amount of joy, laughter, pride, and love. Since you were a little girl you brought me nothing but happiness. Now that you have grown into a young woman, that hasn't changed. You are a beautiful person inside and out with your independence and strong will, as well as your loving and caring maturity. You charm us with your wit, your laughter and spirited personality and please us with your loyalty and commitment to family and friends. Thank you for being the daughter every parent dreams of. And with my most sincere CONGRATULATIONS as you graduate from WLHS class of 2010, know that I love you more than I could ever say. I am so proud to have you as my daughter. Follow your dreams & always be happy & know I will always be here for you.

I know you will succeed in whatever you choose to do in life. You have so many good qualities and so much to offer. I will always be proud of you. Your dad surely would have been too.

Love, Mom

**Donna,**

When I was little my wish was for a little sister. One day, I got my wish and I was given one of the greatest gifts. I watched my sister grow from a baby into a beautiful, talented and funny person to be with. The older you get, you seem more than a sister, but also a best friend. The only thing I could wish for more is if your dad could be here to see what a wonderful woman you have become. I know how proud he would be, how honored to call you his daughter. I hope we always stay close, and I wish you the best for your future. I am here for you now I am here for you always.

LOVE YOU DONUT! BEST OF LUCK! LOVE YOUR SISTER, KAREN (PIE)

**Kayla,**

It's been a pleasure watching you grow up, but you'll always be my little girl.

Love, Dad

**Kayla,**

Take all of your artistic abilities and create a beautiful world for yourself. I am so proud of you. 

Love you, Mom

Windsor Locks High School, in partnership with parents and the community, is a professional learning community where teachers, staff, and students value differences and demonstrate standards of academic, civic, and personal excellence that empower students to become productive citizens and lifelong learners in a global community.

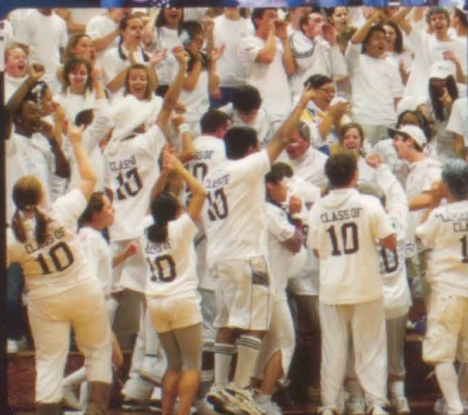

# Class of 2010 Says Goodbye

The time has come, you've spent your whole lives getting ready for it, you've waited your whole life to achieve it; High school. From the time you hold your diploma and walk off that stage you're breaking new ground, one undiscovered. It's left to you to decide whether to take on what your hard work has paid off for.

You might not be proud of your twelve years so take this opportunity. Become someone who you love, do something that you love doing, you'll go far in life, guaranteed. You're more than ready to take this step. With it comes a lot of work, dedication, and responsibility. You know you can do it, don't let go of this opportunity. Graduation is the first day of the rest of your life. Now is the time to move on. Fifteen years from now you won't remember all of the drama that you dealt with, and what happened that day in gym class. It's about where you end up in life and what brought you there.

**GO CONFIDENTLY IN THE DIRECTION OF YOUR DREAMS.**

**LIVE THE LIFE YOU HAVE IMAGINED.**
